

**CRC Project A-76**  
**Request for Proposal Q & A**  
**(January 4, 2011)**

- Q.** The RFP specifies that photochemical modeling should use nested grids for urban areas outside California. Is CRC seeking 12-km or 4-km grid resolution in these urban areas?
- A.** We will accept proposals grid resolution of 12-km or 4-km or both. Please be sure make the proposal's grid resolution clear.
