

Questions and Answers for CRC Project E-112 RFP (August 18, 2014)

Q1. Is it CRC's intent to restrict this study to the effects of MMT on gasoline engines and their emissions, or are other environmental and health effects also of interest?

A1: Limit the study to effects on gasoline engines and vehicles.

Q2. Is CRC interested in the effects of MMT on gasoline vehicles of all ages, or only recent makes and models?

A2: Limit the study to vehicles MY2000 and newer.
